

DataDirect Overview

Open Access to Enterprise Information

INTERSOLV

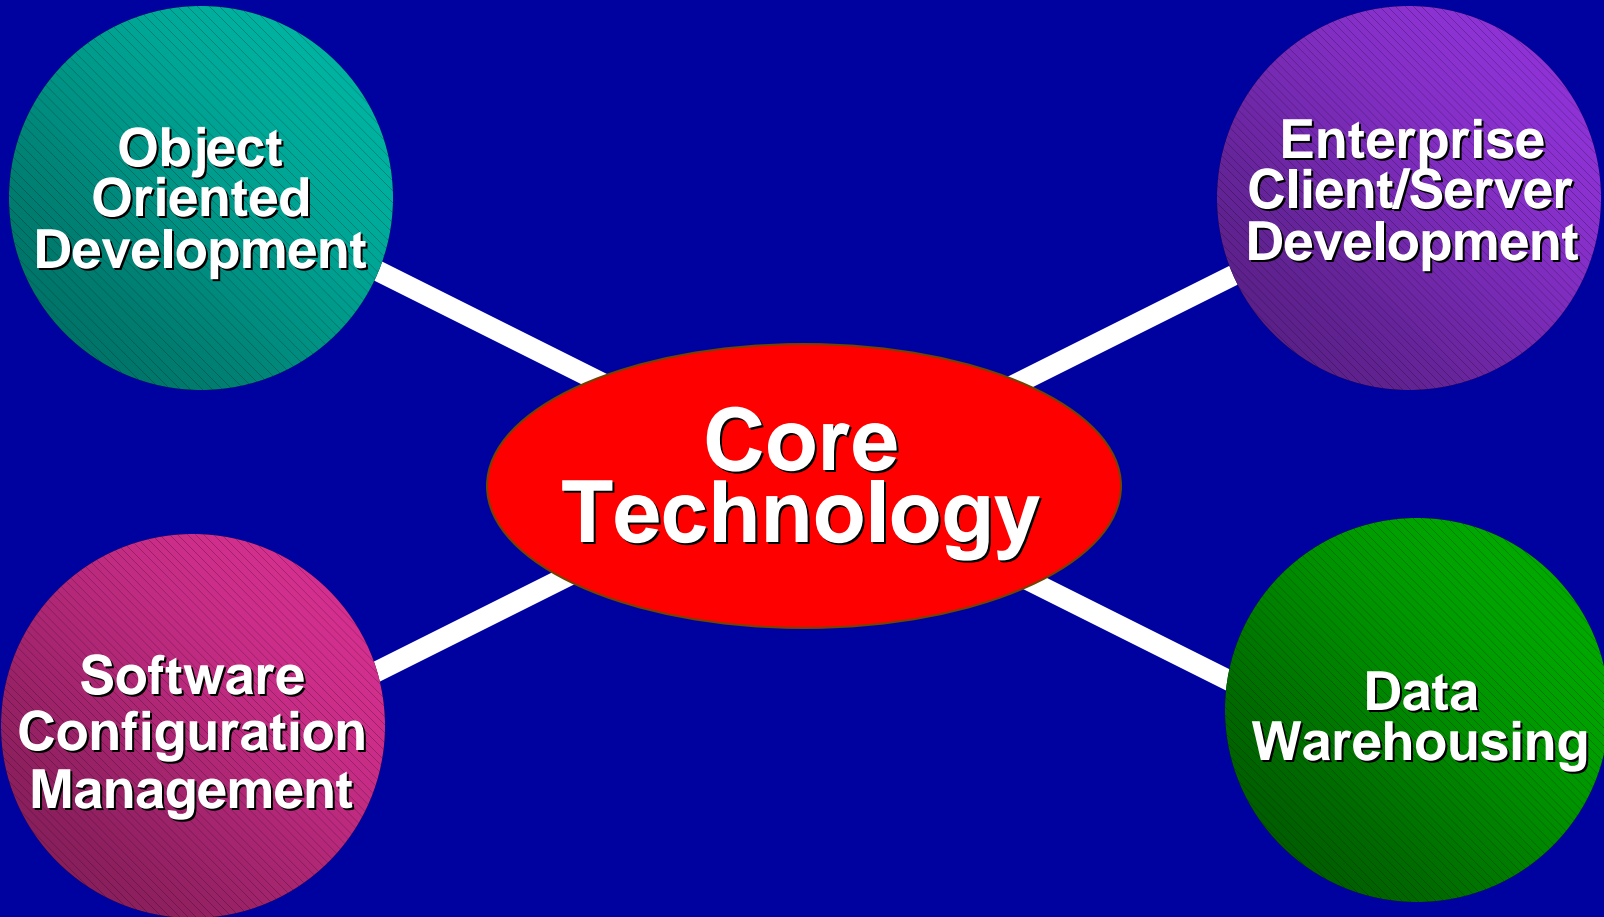

- Washington D.C.
- \$130M+ revenues
- Ranked # 35 → 30
- 400,000+ licenses
- 20,000+ customers
- Worldwide presence

The Client/Server Tools Company

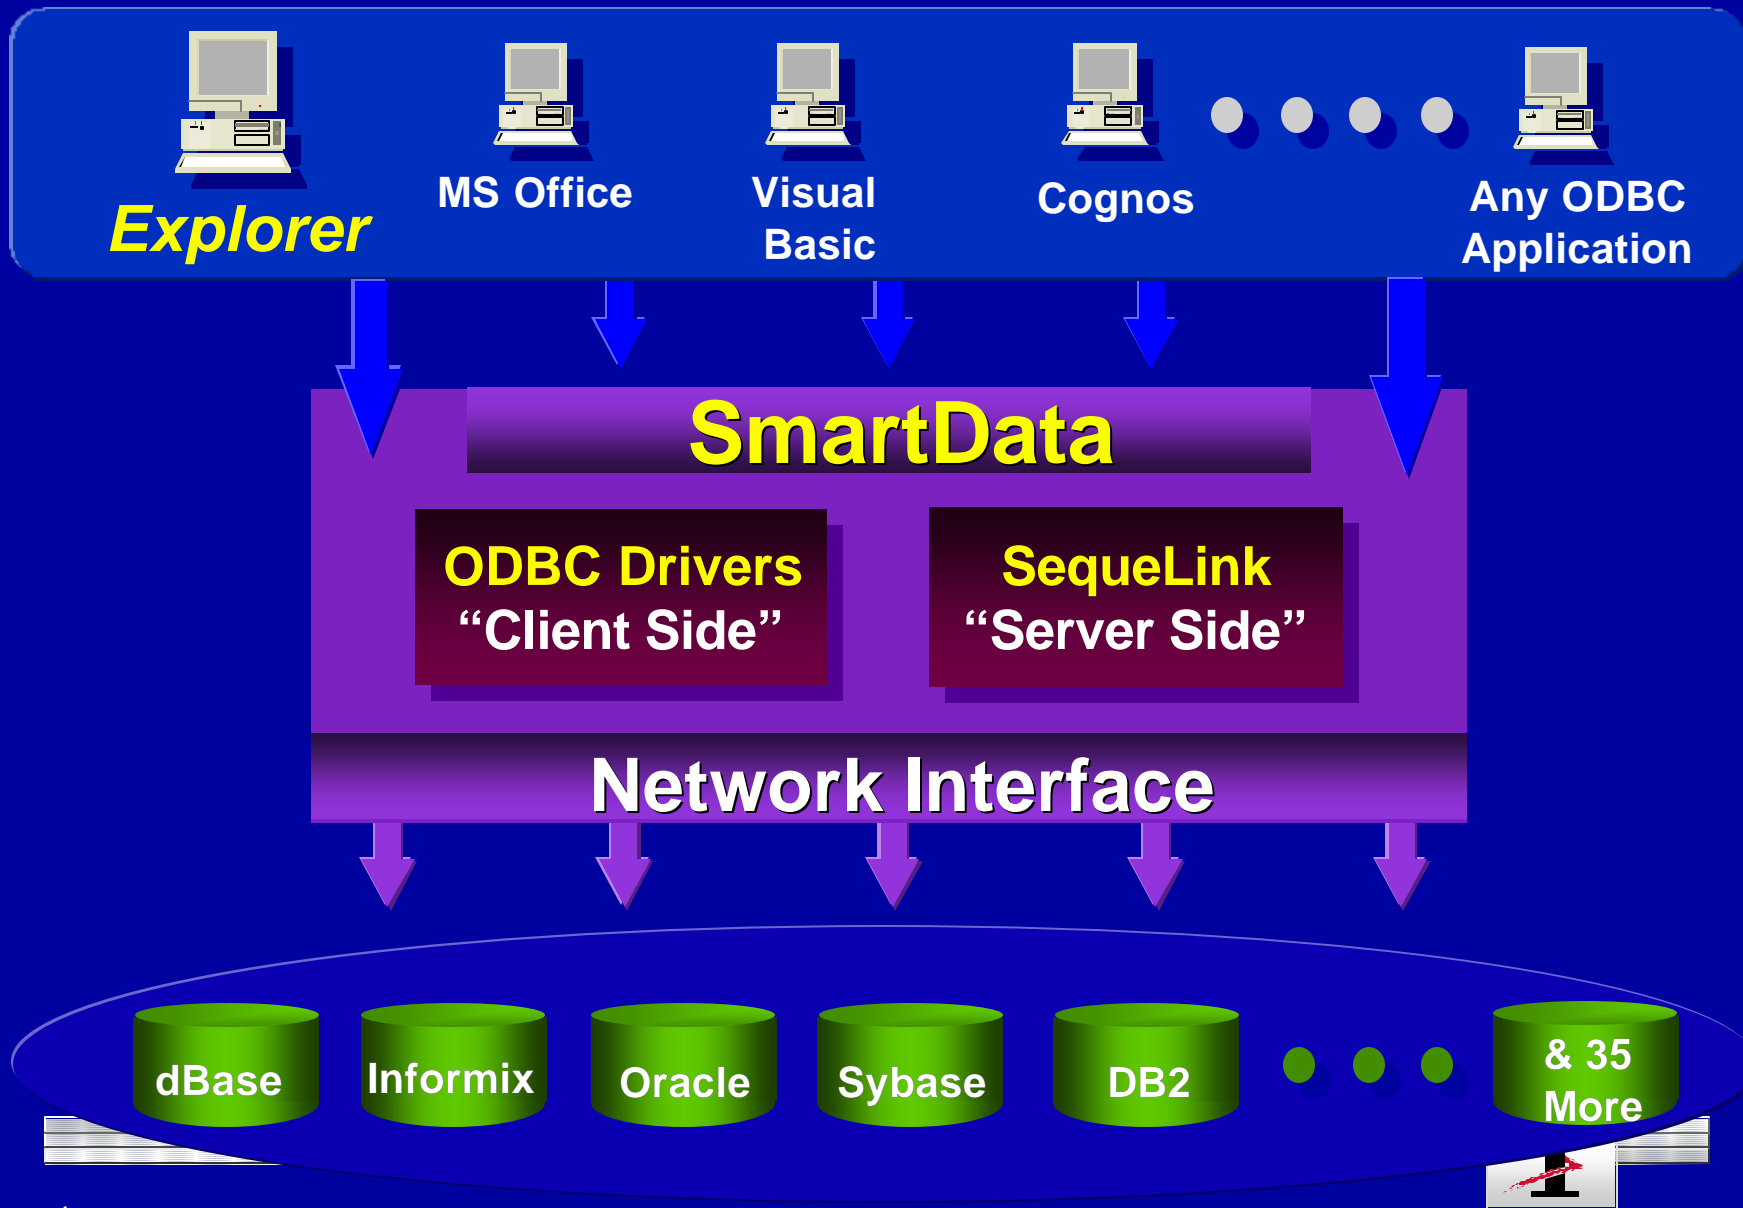

INTERSOLV Solutions

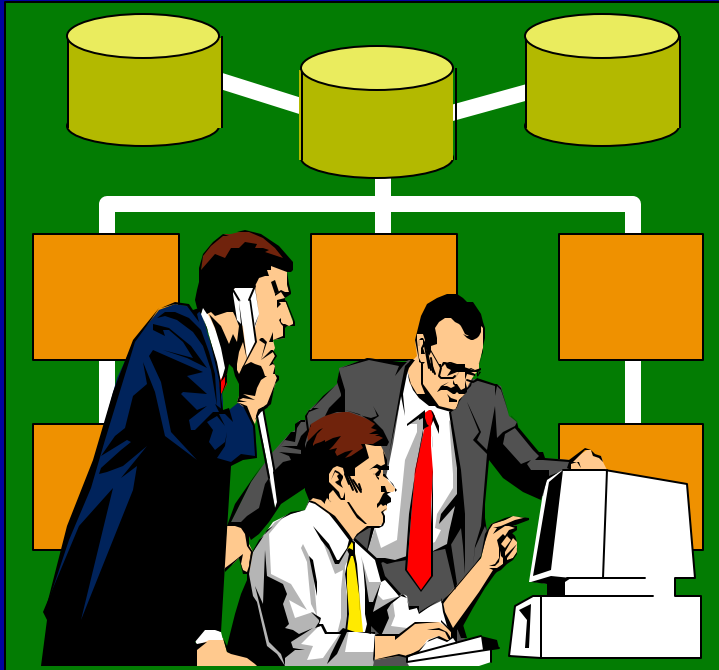

Four Product Lines

DataDirect Product Series

DataDirect SmartData

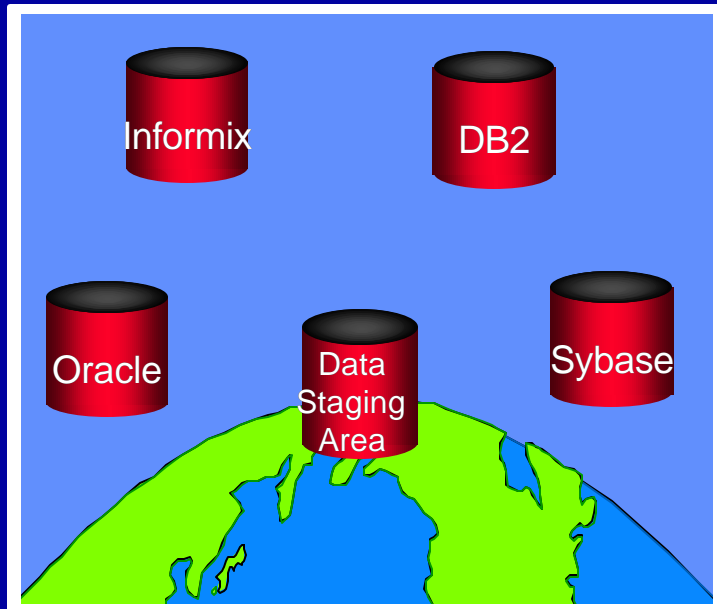

- Easy access to data
- Hides complexity
- Ensures accuracy
- Open architecture
- Simple Administration

The Easiest Path to Business Intelligence

DataDirect SmartData

- Data Encapsulation Layer with business terms
- Easy access to data
- Allows end users to query DBMS
- Open to all end user tools
- Second Generation ODBC Driver

& 35
More

- Open Architecture
- 12+ platforms
- 35+ DBMS
- High Performance

DataDirect ODBC Pack

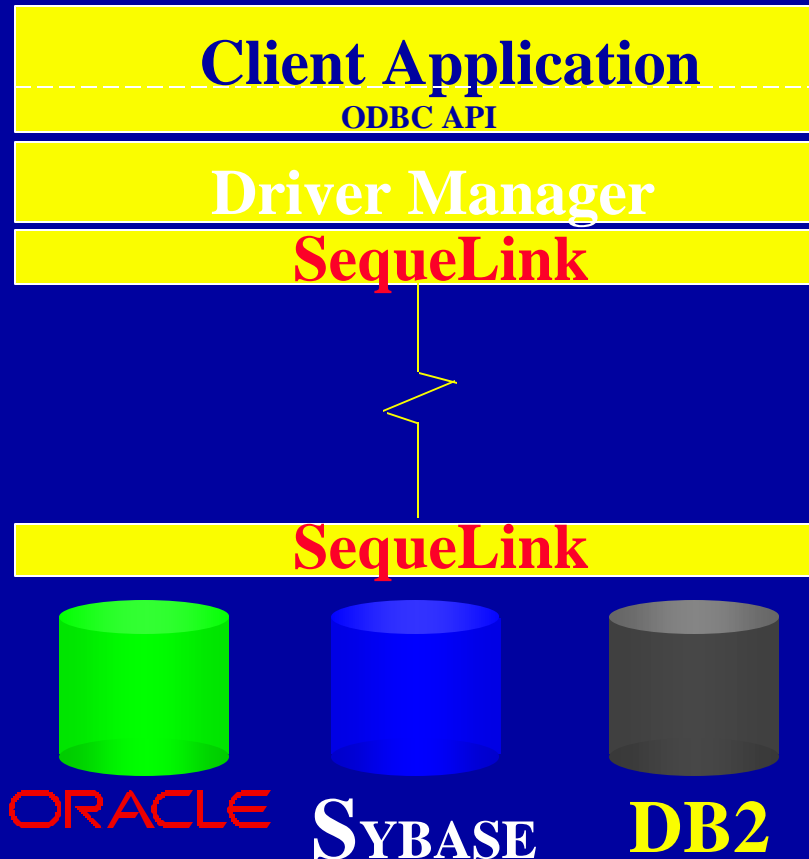

- Client based
- Industry standard drivers
- Leverage DBMS Communication Layer
- Core, Level 1, and Level 2
- Consistent Functionality

“INTER SOLV’s ODBC has set the standard...”
Database Programming & Design

DataDirect SequeLink

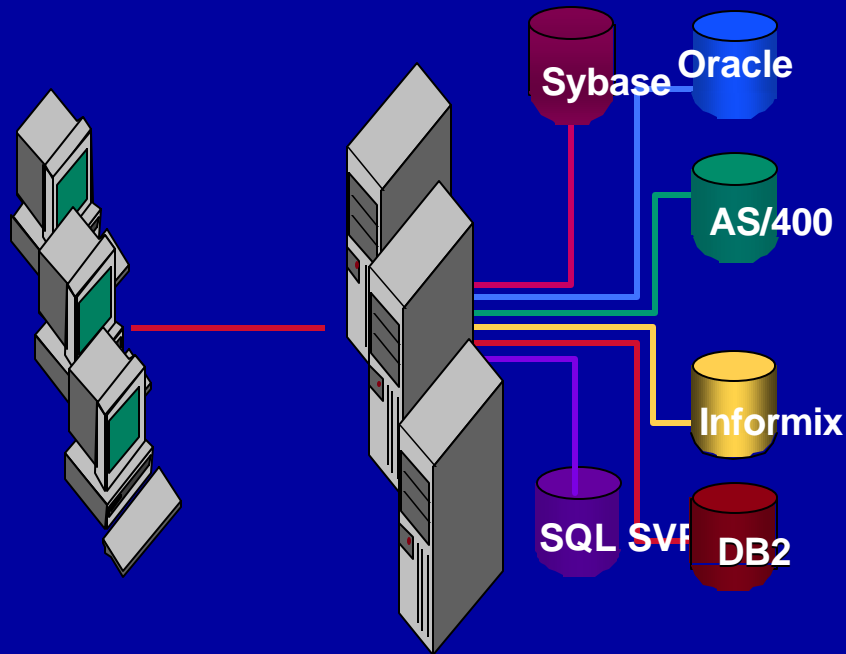

- Server based
- Departmental to Enterprise
- Simultaneous Access
- Single Comm layer
- One to many servers
- Interchange as needed

Flexible Server based Architecture

DataDirect SequeLink Features

- Open Architecture
- High Performance
- Single Connection
- Simple Administration
- No Gateway required

Any Client

Any Platform

Any Data

“SequeLink provides several functions that contribute to the performance of the Virtual Data Warehouse”

Bob Moran, Aberdeen Group

Supported Data Sources

- ALLBASE
- Btrieve
- Clipper
- DB2
- DB2/2
- DDCS/2
- DB2/6000
- DDCS/6000
- dBASE
- Excel
- FoxPro
- Gupta SQLBase
- Gupta SQLHost
- IMAGE/SQL
- INFORMIX
- INGRES
- Interbase
- Micro Decisionware
- MS SQL Server
- Model204
- NetWare SQL
- Oracle
- Paradox
- PROGRESS
- SQL/400
- SQL/DS
- Sybase System 10
- Sybase SQL Server
- Sybase NetGateway
- Teradata
- Text files
- XDB
